

THE DAILY EDMONTON FREE PRESS

German Plans Planned to be at Paris Yesterday

THOUGH ITALIAN
WAS ELECTED
PAPAL
SUCCESSOR

Dr. Marchiafava States Deceased Suffered Much for Last Two Weeks.

"I SUFFER FOR THOSE WHO DIE ON FIELD OF BATTLE"
Every Attempt to Be Made to Prevent Schism Between Representatives.

Rome, Aug. 21.—Rome mourned deeply today the death of Pope Pius X. but the sorrow did not prevent the active performance of the holding of a convocation of the sacred college of cardinals for the election of a new head of the divided state of Europe. It was almost certain that an Italian would be chosen, as the Italian cardinals form the strongest section of the sacred college.

As a preliminary to the meeting of the cardinals, the papal secretary of state, Cardinal Merry del Val, gave up his office in accordance with the custom, and all the other high officials of the Vatican did likewise. The late pope's physician, Dr. Marchiafava, declared in an interview that his patient suffered much physically and mentally through the outbreak of war in Europe.

Telegrams of condolence from Cardinal Parley, archbishop of New York, who is in Switzerland, as he was struck by the sudden and overwhelming news, which he could hardly believe, and that his duty as cardinal would impel him to come to Rome as quickly as possible, no matter at what risks.

Cardinal Della Volpe has received telegrams of condolence from sovereign and head of states throughout the world.

Rome today is in deep mourning. Stores remain shut and the churches are crowded with the faithful at prayer. The Corrier d'Italia today published an interview with Dr. Marchiafava, concerning the illness and death of the pope.

The doctor says that during the last weeks of the pope's illness he suffered because of the war which is ravaging Europe. Dr. Marchiafava endeavored to encourage his patient, but without success. Every time he was informed of some armed encounter the patient became sadder. The pope's physical strength, the doctor continued, had overcome the serious physical ailments, but he collapsed when the illness of his body was added his mental distress over the horrors of the war.

When the doctor insisted that his health was precious to the world and he should calm the pope's religious fervor, he said: "I am tranquil when I think of men are about to die. I should have covered this war, but I am not a doctor who have the highest ministry of God, not to protect the safety of so many young lives, who will die so."

"The continued urgings of his doctor that he be tranquil the pontiff replied: "I cannot help it; I suffer for all those who die on the field of battle."

For Election of Successor.
Cardinals here to attend the convocation for the election of a successor to Pope Pius X. are making strong efforts to prevent the convocation presenting a spectacle of schism among the foreign legations, owing to the conflict now being throughout Europe.

Cardinal Merry del Val, papal secretary of state, today delivered into the hands of Cardinal Della Volpe the keys of the Vatican, giving him at the same time a detailed report of all business.

With Cardinal Merry del Val retired from his high official and head of department at the holy see, when the next pope may re-appoint if he so desires.

IMPERIAL BANK
ADVANCES MONEY
TO SCHOOL BOARD

Edmonton public schools will re-open Monday, August 21, and the Imperial bank has agreed to extend credit to the school board for the payment of salaries and wages until the money for the school bonds have been received. In order to secure this concession, the school board had to place \$80,000 bonds in escrow, pending the receipt of the money from Spitzer and company. Thus the school board is on a very satisfactory financial basis for the fall and winter seasons.

The resolution of S. A. G. Barnes to retain George R. Jackson as supervisor of playgrounds and teacher of physical culture, in the schools was voted down at last night's meeting by K. W. McKenzie, J. J. McKenzie, and Mrs. Jennie Hill, and Mr. Jackson has been re-appointed as physical director of the Y.M.C.A., as he is not lost to the city. The school board, by resolution, last night expressed the highest appreciation of his services.

A resolution was passed asking each committee to bring in a report at the next meeting, in regard to entrenchment deemed advisable for the city, without impeding the services of work of the schools.

The matter of appointment of a lady supervisor for the schools was laid on the table indefinitely.

Tax Revision For Raising War Fund Is Made By House

Revenue Will Be Raised Principally From Coffee, Sugar, Tobacco and Liquors.

No Serious Criticism Government's Proposal

Estimated That \$68,500,000 Above Estimate Already Made Is Required.

Ottawa, Aug. 21.—Canada's war tax bill will fall principally upon coffee, sugar and tobacco. The minister of finance announced today in the commons that \$68,500,000 over and above the estimated revenue for the current year from \$130,000,000 to \$135,000,000 would be required to meet the increased expenses occasioned by the war. This money will be raised partly by increased duties and excise on the articles mentioned.

The government has already borrowed \$1,000,000 by the issue of bonds, which leaves a balance of \$43,500,000 to be raised.

Mr. White stated that owing to the Franco-Canadian treaty no increased duty could be placed on wines and champagne.

The increased revenue by war taxation for the present fiscal year is estimated at about \$200,000. The change in the taxation of liquor became effective from August 7, because large amounts of liquor have been taken out of bond in the past few days in anticipation of increased duties.

There was no serious criticism of the government proposals on the part of the opposition. A. K. McLean thought it would have been well for the government to reduce the duties on foodstuffs. Increased imports would have produced a large revenue, he said.

Dr. Michael Clarke regretted the decision of the government to place an increased tax upon sugar and coffee, which he described as necessities of the poor. He thought that the government should have imposed a tax on the income tax on incomes over \$1,500 a year.

The debate was concluded and the tariff resolutions will be considered on Friday.

JOHN A. McDUGALL
OFFERS TO SERVE
CITY WITHOUT PAY

Pioneer Says He Is Willing to Accept Position as City Commissioner.

JAMES RAMSEY WILL RUN FOR MAYORALTY

End of Financial Stringency Depends on Decisive Naval Battle for Britain.

Yielding to the demands of a committee of representative business men and citizens which called on him Thursday afternoon, John A. McDougall has consented to be a candidate for city commissioner for the year 1915. It was announced that he will serve the city in that capacity without pay. The same pressure had been brought to bear on James Ramsey, who has declared that he is willing to serve as mayor of Edmonton without salary, and that he will enter the coming campaign if it is the desire of the people that he do so.

The committee which called on Mr. McDougall was headed by James Ramsey and consisted of eight or ten prominent financial and business men of the city. The committee urged that the affairs of the city had become so badly involved and such friction had developed in the city council that the strongest men of the community to be re-elected it would be necessary for the mayor to consent to act as a member of the board of commissioners.

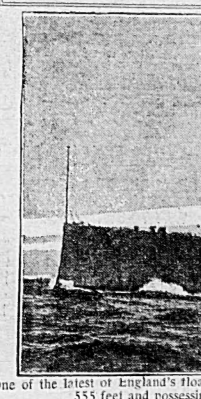

James Ramsey expressed the same sentiment and he was assured that if he would consent to run for the mayoralty this fall he would be given the hearty support of strong financial interests and of men of affairs generally.

Speaking of the present situation this morning Mr. McDougall stated that while the condition at the present time is very serious and there is every indication of a winter of much suffering in Edmonton, he did not believe the war would be of long duration. He expressed the opinion that the financial stringency, which he being felt everywhere, would not be relieved until a decisive battle had been fought, with victory for the British flag and a complete crushing for the Germans.

"There will be much for people of means to do this winter," declared Mr. McDougall to the Capital, "and it will be every man's duty to relieve the suffering as far as he is able. Only energetic effort can cope with the situation."

Mr. McDougall deplored the fact that it had become necessary for lack of finances for the city to stop its public improvement work and thus throw hundreds of men out of employment.

H. M. S. King George V.

One of the latest of England's floating ramparts having a displacement of 23,000 tons, measuring 355 feet and possessing 10 13.5 guns. It is protected from aerial attack.

MOVING PICTURES OF
PARADE AND CEREMONY
WILL BE SHOWN HERE

The boys of the 101st regiment and 10th Alberta Dragoons may yet see themselves in the "movies" before their departure for the front, as the management of the Empress theatre has made arrangement to take motion pictures of the afternoon's doings which will start about 4 o'clock. The men and officers of the two regiments will parade to the parliament buildings and it is expected that Premier Stron and Mayor McNamara will speak. Lieutenant-Governor G. H. V. Huley will not be present, as he had intended. His honor left to meet Mrs. Huley, who is on the way back to the city from Rochester, Minn., where she underwent an operation. Manager B. Haza, of the Empress, says that he will endeavor to have the pictures of today's parade and ceremony ready for presentation before the troops leave. He will also show them after they come back.

URGES REDUCTION
OF WAGES RATHER
THAN DISCHARGE

Board of Trade Makes Valuable Suggestion to Merchants of Edmonton

EMPLOYMENT MAY BE SCARCE THIS WINTER

Postmaster Armstrong Seeks Reorganization of Edmonton Postoffice.

At the regular monthly meeting of the Edmonton board of trade on Friday afternoon, following a luncheon at the Empire hotel, numerous important matters were considered and committees appointed.

Postmaster Armstrong urged that some action be taken toward securing a readjustment of the post office of Edmonton, South Edmonton, North Edmonton and West Edmonton, maintaining that considerable mail matter goes astray under existing conditions. He suggested that an effort be made to bring all the Edmonton post offices under one management, the Edmonton main office, and that the other post offices be to be known simply as substations. A committee was appointed to consider the matter.

The following resolution, with the purpose of relieving the condition of unemployment which threatens to increase in this city, was submitted by H. C. Cooper and was unanimously adopted:

"Whereas many business concerns are finding it necessary, as a result of the prevailing financial conditions and consequent shrinkage in business, to reduce operating expenses by reduction in payroll and salary list; and whereas it is believed that persons turned out of employment under present conditions would find it exceedingly difficult, if not impossible, to secure other employment;

"Therefore be it resolved that this board of trade would respectfully suggest to merchants, manufacturers, and others who find it necessary to reduce their payrolls, the desirability of effecting such economies, so far as reasonably practicable, by a reduction in the scale of wages; and in the time worked, rather than by reducing the number of persons employed; thus enabling the largest number of persons possible to earn at least the means of subsistence for themselves and those dependent on them."

BATTLE DEVELOPING FRONT
OF FOUR MILES; FORTS OF
NAMUR NOT YET ATTACKED

CAPITAL TO PUBLISH
SPECIAL WAR ARTICLES.

H. Hignitham, a member of the Daily Capital's editorial staff, left last night for the old country, where he will see a great deal of the war as it is, and its social and economic effects at first hand. He will sail by the Canadian Northern liner, Royal George, going to his former home in Manchester, and afterwards over to the continent, if possible. Special articles will appear in the Daily Capital shortly. Should he be unable to get the news of the actual conflict itself past the censors, he will at least write stories on the social and economic effects of the war on Great Britain and possibly other countries.

101ST RECEIVES ORDERS
FROM HEADQUARTERS TO
LEAVE TOMORROW NIGHT.

The local corps of the 101st received orders today to entrain tomorrow night. Married men must have the written permission of their wives before they can go, and all who obtain permission must show it to their officers by tonight.

Telzitt Wins First shot.
Elgin, Ills., Aug. 21.—Ted Telzitt won the first brush of the automobile race for the Cobe trophy, beating Dearborn to Horneska corner and rounding the turn ahead of him. The two were the first to twist in the starting tape at 11:01 this morning, a crowd numbering at least 10,000 cheering the start.

Communication Interrupted.
London, Aug. 21.—Telegraphic communication between England and Brussels was entirely interrupted today and no dispatches were accepted for any place in the Belgian provinces of Luxembourg, Limbourg, Liege, Namur, Brabant or Antwerp, except for the city of Antwerp.

Expects Several Indictments.

Washington, Aug. 21.—Attorney General McKendrick expects several indictments to be returned within the next few days as the result of the investigation ordered by President Wilson of the increase in food prices since the outbreak of the war in Europe.

Others who find it necessary to reduce their payrolls, the desirability of effecting such economies, so far as reasonably practicable, by a reduction in the scale of wages; and in the time worked, rather than by reducing the number of persons employed; thus enabling the largest number of persons possible to earn at least the means of subsistence for themselves and those dependent on them."

German Forces Continue to Pass the Meuse—Important Concentration Being Carried Out in Belgium—No French territory is occupied by Kaiser's Men—French Win Victory in Sharp Skirmish When Enemy Retreat Leaving 500 Dead on Field.

London, Aug. 21.—(3.20 p.m.)—Yesterday was about the date when, according to the forecasts of their own and many other military writers in Europe, the German troops were due to appear before the walls of Paris. According to the French official advices, it is the Germans' intention to pass their main army into France by the Brussels road.

The Germans themselves are naturally silent but there is no reason to doubt they are quite as well aware of the difficulties of this route as their opponents are in Alsace.

The Namur forts have not yet been attacked or rather had not been at the time of the latest advices.

On the German left where three Austrian army corps are said to have reinforced, the battle is said to be developing a front of nearly four miles and according to French statements, nothing is heard from the German side.

An impenetrable curtain has been drawn over the operations in the center of the theatre line where the main French army is co-operating in the fighting.

The Russian advance in east Prussia apparently stretches over a front of 60 miles between Stallupoen and Lyck; but the Russian invaders have not yet gained much German ground.

Little is heard of the Austrian operations at present but it is known that Austrian contingents are moving along the Rhine to meet the French in advance in Alsace.

No French Territory Occupied.

Bulletin—Paris, Aug. 21.—(2.35 p.m.)—Official news made public in Paris today says that the German forces continued to pass the Meuse in the vicinity of Huoy and that an important concentration is being carried out in Belgium this (Friday) morning.

No French territory is occupied by the enemy except a piece of enclosed land at Audun-Le-Roman in the department of Meurthe-et-Moselle.

Retire Leaving Dead.

Bulletin—London, Aug. 21.—The Central News has received a despatch from Paris saying that French forces defeated a detachment of German cavalry coming from Leopoldshoehe and Hutingen in an engagement near Basel.

The Germans retired in the direction of St. Louis, leaving 500 dead and wounded on the field. The lost most of their horses.

Caused Great Excitement.

Bulletin—Paris, Aug. 21.—(3.12 p.m.)—A French official note says: "A French dirigible last night threw a number of projectiles upon two German cavalry corps in Belgium, causing great excitement. Despite the fire of the enemy the air craft returned safely to the French lines."

War Risk Insurance Bill.

Bulletin—Washington, Aug. 21.—The senate passed today after two hours debate the emergency war risk insurance bill, carrying an appropriation of \$5,000,000 for the purpose of insuring American vessels and cargoes against at hazards of war.

No Decisive Advantage.

Paris, Aug. 21.—The official news bulletin issued by the French war office today says: Up to the 20th day of the French mobilization despite the assurances of the German writers, even those of the decisive advantages they counted upon. Moreover the enemy has been able to carry the war into our territory. This advantage has at least a normal value which is worth noticing.

Russians to Invade Prussia.

London, Aug. 21.—(7.35) The Central News correspondent in Rome says an official despatch from St. Petersburg asserts that a Russian army composed of 20 army corps will carry out the invasion of Prussia under the direction of Grand Duke Nicholas.

Washington, Aug. 21.—The capture of two German Harsal steamers was reported to the state department by the American consul at Bombay. The Hamburg-American steamer Alisa was also seized by the British authorities immediately on her arrival at Ragoon, the message said.

NEW YORK WAREHOUSE
CHOKED WITH SUPPLIES
NEEDED IN ENGLAND

New York, Aug. 21.—Every ship that sails out of New York for England ports these days sails light. The liner Celtic left yesterday with 5,000 tons of foodstuffs in her hold when she might have carried 16,000 tons. The Kronland left the other day with 4,500 tons and room for 8,000 more. Others of the thirteen ships of the international mercantile marine recently departed for England have ridden high in the water because of the lightness of cargo.

Paradoxically warehouses around New York are choked with the supplies for which England is offering fancy prices.

All Want To Go.

Hamilton, Aug. 21.—The fourth field battery was notified this morning to be prepared to leave any minute to go to the front. Major Cameron gave all the 160 men a chance to retire, but all stayed in.

Expected to be Lord Mayor.

London, Aug. 21.—The lord mayor of London for the coming year is expected to be Alderman Sir Charles Johnson, of the well-known shipping firm of Winstone and Johnston, who has a long and close connection with Canada.

Barcelona, Spain, does a large business in the manufacture of paper drinking cups.

HORTICULTURE MAKES
RINK ON SOUTH SIDE
REAL FLOWERY KINGDOM

The annual show of the Edmonton Horticultural society opened this afternoon at 2:30 in the Thistle rink, south side, and a gorgeous scene presented itself to the visitors, the rink being a veritable "flowery kingdom." There are 300 entries of children's plants and 100 others, three times as many as last year. The show will continue this evening and Saturday afternoon and evening a band being in attendance.

Expected to be Lord Mayor.

London, Aug. 21.—The lord mayor of London for the coming year is expected to be Alderman Sir Charles Johnson, of the well-known shipping firm of Winstone and Johnston, who has a long and close connection with Canada.

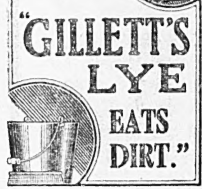

Barcelona, Spain, does a large business in the manufacture of paper drinking cups.

JAPAN'S GETTING READY TO ANSWER GERMAN REFUSAL

Movements of Navy and Troops Kept Secret—Correspondence Censored

SURPRISED AT ATTITUDE OF THE AMERICAN PRESS

Leading Personalities Say No Sinister Motives Whatever in Their Action.

Tokyo, Aug. 21.—Japan is quietly preparing for eventualities, following the expectation next Sunday of her ultimatum to Germany, demanding the withdrawal of German warships from the Orient and the evacuation of Kiao Chiao, not being accorded. The strictest prohibition has been placed on the publication of any information concerning the movements of Japanese ships and troops. All correspondence is censored and the newspapers are closely watched. The activities at the German embassy, where personal effects are being packed for shipment, are the only indication of what the answer of Germany will be. Meanwhile, notwithstanding the most sensational reports of the treatment of Japanese in Germany, there is no evidence of anti-German feeling here. On the contrary, the authorities have given notice that all Germans remaining in Japan must be treated courteously. German professors are expected to remain at their posts unless they are needed for service at home.

The war and navy departments are preparing for a move on Kiao Chiao, where, contrary to current reports, the fortifications are really formidable. Since the outbreak of the European war thousands of Chinese coolies have been employed in strengthening these defenses. It is believed that the taking of Kiao Chiao will not be an easy task. The Japanese newspapers and leading Japanese professors are expected to remain at their posts unless they are needed for service at home.

French Bayonet Charge Again Proves Irresistible—Kaiser's Troops in Strong Force in Alsace, Their Position Becomes Dangerous—Population Under German Rule Has Become Restless and Victorious Troops Welcomed—Tuetons Entrenched at Bricy Are Supported by Garrison at Metz.

Amsterdam, Aug. 21.—A correspondent who left Antwerp this afternoon and made his way over the Dutch frontier telephoned later from Rozendael that Antwerp is being put in a state of defense. The woods are cut down over a wide area and villas have been destroyed outside of the town to afford no shelter to the Germans. New earthworks are to be seen everywhere in the field and part of the country outside of the fortification lines has been flooded. A party of French staff officers who arrived today were loudly cheered. Two fast steamers from the Dover and Ostend routes will take away the queen and the royal family and court. Great herds of cattle which have been driven in from the country are now in the park and everything is being done to provision the town.

Reputed at Dinant.

Paris, Aug. 21.—(5.40 a.m.)—The Petit Parisien in a review of the war situation today says:

"A great battle is preparing. Belgium is to be the theater of the most formidable shock in history, the duration of which escapes prophesy."

"Repulsed in the south at Dinant by the French, the Germans have been making since Tuesday a vigorous offensive movement towards the north which on Wednesday forced the Belgians, after a fine resistance, to fall back on Antwerp. The Berlin government will claim a triumph whereas from strategic view, the movement was of mediocre importance."

The French armies have taken up their respective positions and it is certain that our general staff is far from being taken unprepared by our adversaries tactics. The staff had long foreseen them and is prepared to deal with them under the best auspices."

EXPLOSION SINGLE SHELL RESPONSIBLE FOR FIFTEEN LIVES

Panic Stricken Women Meet Death During German Bombardment of Libau

NO ADDITIONAL MILITARY PRECAUTIONS IN CAPITAL

Life in St. Petersburg Runs in Ordinary Way—Amusement Places Filled

Stockholm (via London), Aug. 21.—The captain of a Swedish steamer which has just arrived from Libau tells the following story of the bombardment of the Russian seaport by the German fleet.

"Fifteen women were seated on a pile lumber were killed by the explosion of a single shell. The bombardment continued for two hours."

Many buildings and bridges were destroyed. Advice from St. Petersburg indicates that the panic in the Russian capital runs on in the ordinary way. The streets, cafes and amusement places are as crowded as ever. No additional military precautions have been taken. The food supply is described as plentiful.

The destruction of the harbor works at Hangö, Finland, by German warships is reported by the Russian steamer Bifrost, which has arrived from Hangö.

GROUARD FURNISHES TEN RECRUITS FOR EDMONTON REGIMENT

Accompanied by 10 recruits for the 101st regiment, J. H. Schmidt arrived in the city Thursday night from Grouard and registered with his men at the Northern hotel. The other members of the party are F. Allen, a printer on the Grouard News; M. Underwood, yard boss for the Grouard sawmill; S. Slater, a chauffeur; I. Smith, a householder; E. Freeman, a storekeeper; H. Johnson, a mill hand; C. Chatterton, a Hudson's Bay clerk; F. Packard, a chauffeur and I. Flaherty, a barber.

Mr. Schmidt who offered his services and those of at least 10 others to Colonel Osborne promptly when war was declared, is a veteran of several wars. He is a graduate of West Point and took active part in the Argentine revolution. Four of the other men now enlisting have served from three to 13 years in the United States army and two others have had military experience.

Upon leaving Grouard the men were given an ovation from their townsmen who generously advanced a fund of \$100 for travelling expenses, transportation was furnished free from Sawtooth Lake, and the party was accompanied by a party free across the Lesser Slave Lake from Grouard to Sawtooth.

American women yearly buy over \$10,000,000 worth of military supplies from France.

Outdoors as well as Indoors, the Victrola is the Ideal Entertainer.

On your porch or lawn, you can enjoy your favorite music at any time.

There are Victrolas and Victor records in great variety of styles at prices from \$20 to \$300 (on easy payments, as low as \$1 a week if desired). Ten-inch double-sided Victor Records are 90c for the two selections.

Go to any "His Master's Voice" dealer in any town or city in Canada and let him play your favorite music for you. Ask for free copy of our booklet "These Modern Dances" with five pictures of Mr. and Mrs. Vernon Castle and 288 moving picture photographs teaching all the steps of the new dances and our 300-page Musical Encyclopedia listing over 5000 Victor Records.

GERMANS CAPTURE BELGIAN CAPITAL

Many Inhabitants Leave Brussels for Ostend and Ghent.

London, Aug. 21. (11.40).—A despatch to the Central News from Ghent yesterday's date says the Germans arrived at Brussels Thursday morning.

Antwerp, Aug. 21 (via Paris, 5.10 a.m.)—An official statement says that the situation in the city of German cavalry patrols are circulating around Brussels, severing communication between the capital and Antwerp and between these cities and the central part of the country.

Ghent, Belgium (via Paris), Aug. 21 (5.10 a.m.)—The German hussars and Uhlans arrived this morning (probably Thursday) on the shooting ground at the gates of Brussels, whether the burgomaster went to parley with them. In the afternoon German officers and troops were seen in the city.

The general opinion is that the Germans will only pass through the city, or, at the most, make a very short stay there.

The only signs of animation in the place are caused by the arrival of passengers who are abandoning the surrounding villages. The German troops have established themselves on the shooting ground and are waiting for the order to march that they have been cut off from the rest of the army.

London, Aug. 21 (2.50 a.m.)—The Ghent correspondent of the Herald telegraphs: "Brussels is now occupied by the enemy, having been surrendered to the Germans without the firing of a single shot."

MILLIONS BUSHELS OF AMERICAN WHEAT ON WAY TO SWITZERLAND

Washington, Aug. 21.—More than one million bushels of American wheat are on the way to Switzerland in British bottoms, the shipment of these cargoes having arranged by Dr. Charles Paul Hubscher, charge of the legation here. Arrangements have been made to allow the passage through France and Italy of foodstuffs intended for Switzerland.

The legation has little fear that the cargoes will be taken by Great Britain although she could so provided cargoes were made. At the British embassy it was said England did not need more foodstuffs than she was procuring.

| WESTERN ROUGH RIDERS TO TRAIN HORSES FOR CANADIAN ARTILLERY
CHICAGO, Aug. 21.—The department of militia expects to be able to utilize the 200 old members of the Legion of the frontiersmen, who, without waiting to be asked, volunteered themselves with the western members of the Princess Patricia and came to the capital at the beginning of the week. They are nearly all horsemen of first class ability, and it is expected that in the meantime they will be utilized to break 700 or so artillery horses. Some of these horses are entirely unbroken to the saddle and the frontiersmen will just about fill the bill for breaking purposes. Later it is believed that the greater number of them will be enrolled with the artillery units as drivers. They are all happy at the prospect and are preparing with joyful eagerness for the rough work ahead. | THE WESTERN AUTOMOBILE ACCESSORY HOUSE

PRESS CLUB WILL ASK PROVINCE TO SUSPEND LICENSES

Edmonton Women to Also
Send Weekly News of Al-
berta to Front

"Whereas a very large percentage of the people of Alberta will be out of employment owing to the war;
"And whereas this province is sending thousands of bread-winners to the front leaving their families to be largely provided for by the public;
"And whereas the laborers on railway construction who come into Edmonton, Calgary and other points in the province, or less much or all of their year's wages during their first week in town, owing to interference with their normal work by the government of the province to provide against such contingencies and their resultant distress, especially when the country is in a state of war;
"Be it resolved, That the Edmonton Women's Press Club earnestly pray the government of this province to suspend all liquor licenses until next May, or until such time as peace is declared, thus leaving free an enormous amount of cash for the maintenance of the households of Alberta and to the general strengthening of the financial situation."

The above is the text of a motion made by Mrs. Arthur Murphy, seconded by Mrs. Reginald Smith, and unanimously adopted by the Edmonton Women's Press Club, at a meeting held Wednesday. This motion is being forwarded to Premier Balfour, requesting him to use his influence in putting it into force.

The subject was discussed by the club, and illustrations brought forward showing the necessity for immediate action, along these lines, in order to alleviate to a great extent, the suffering which will come as an aftermath to the outbreak of war.

It was further decided that a committee of the club compile a weekly Alberta news letter, to be forwarded to the men at the front, thus keeping them in touch with the doings of the homeland.

A committee consisting of Mrs. Ernest Desautour, convenor, Mrs. Geo. B. Connor and Miss Edna Kells, was appointed to compile the letter, which will contain in a condensed form, the most interesting and important news of Alberta, as well as all news obtainable of a nature more interesting personally to the soldiers, than information from a general standpoint. Through the courtesy of the Edmonton Industrial association, a number of copies will be multiplicated, and they will be forwarded to army headquarters, and to hospital committees, to pass along the ranks.

The assistance of the different press clubs of Alberta will be solicited, as the news will come from all over the province.

The idea of the news letter will be presented to the vice-president of the Canadian Women's Press Clubs, for the different provinces, by the dominion executive, and it is expected that all will fall in line and see that the men abroad fighting have a weekly remembrance from home in the way of news.

**INDUSTRIAL BUREAU
IS HIGHLY ENDORSED
BY PROPERTY OWNERS**

George M. Hall, industrial commissioner, addressed the Property Owners' association on Wednesday night, outlining in a convincing manner the purposes and work of the department of which he is the head. In appreciation of his efforts to encourage development of the natural resources of this portion of the province by bringing in foreign farmers and in stimulating the industries generally, the association adopted a resolution endorsing the work of Mr. Hall and commending him for the excellent methods adopted.

**WATERY BLISTERS
INTENSELY TOY**

Between Fingers, Spread to Tips, Would Swell Up, Itch and Burn, Did Not Dare Put Hands in Water, Cuticura Soap and Cuticura Ointment Cured.

"Germans, Manitoba. 'A breaking out of my fingers was the first trouble. It was very itchy and spread to my hands, and it was so bad that I was unable to do anything affecting the nails. It first appeared in watery blisters and they were so itchy I scratched them and let the water out making sores. They were very itchy and burning, and I was unable to sleep. I did not dare to put my hands in water except to wash them. I kept using ointment. Sometimes the blisters would help a little but it was no use. It was that way for a week and I was trying everything. I heard of Cuticura Soap and Ointment and sent for them and before I had used them half a box I was feeling much better. I was washing with the Cuticura Soap and applying the Cuticura Ointment frequently. I was cured in three months.' (Signed) Miss Florence E. Sanderson, May 20, 1912.

For more than a generation Cuticura Soap and Ointment have been the most economical treatment for afflictions of the skin. Such as that of itching, itch, burn, scale and dandruff. A single set of Cuticura Soap and Cuticura Ointment, each 25¢, will cure the most stubborn cases of itching, and post-acute to Psoriasis. Dr. J. C. Clark, Dept. D, Boston, U. S. A.

DUKE OF CONNAUGHT REMAINS IN CANADA UNTIL WAR IS FINISHED.

Ottawa, Aug. 21.—Sir Robert Borden announced at the opening of parliament today that in consideration of the present crisis his royal highness the Duke of Connaught has decided to place himself at the disposal of his majesty the king, and in the period of office as governor-general of Canada, which was to expire in October, has been extended for full term of the war. Hon. Geo. F. Graham, on behalf of the opposition, welcomed the announcement and Mr. Borden's reply.

JAPAN GIVES HER REASONS FOR NOTING TO GERMANY

Kaiser's Attitude Has Demoralized Trade Interests of Nation, 'Tis Said.

STRENGTHENED KIAO CHAU ENFORCED COOLIE LABOR

Absolutely Necessary to Eliminate Such Possession to Get Peace in East.

Washington, Aug. 21.—Interference by German cruisers with the shipping of Japan's ally, Great Britain, with the seizure of Japanese goods in German bottom, and the consequent grave dislocation of Japanese trade, are the principal reasons set forth by Japan in explanation of ultimatum delivered to Germany last Sunday. It was not until yesterday that the full text of the statement issued by the Japanese foreign office bearing upon this subject became available. The document says: "From the beginning of hostilities between England and Germany, the latter has been bending all her energies to strengthen her position in Kiao Chau, even to the extent of enforcing labor upon them by the Chinese coast guard."

"Meanwhile the German squadrons stationed in the east have been making use of the Chinese coast guard, making Kiao Chau their base, and in co-operation with German converted merchant vessels have been interfering with British shipping and commerce, thereby threatening and injuring to a considerable extent the commercial interests in general of Great Britain."

In the meantime the attitude of Germany has not failed to greatly demoralize the trade interests of Japan. In fact, the whole commercial world has been thrown into a state of utmost uneasiness. Some of the Japanese merchant vessels have been detained and all of the Japanese important export cargoes on board the German merchant vessels have been requisitioned.

"It is clear that unless Germany had strong basis at Kiao Chau the conditions such as above outlined could never have been produced. It is this possession of Kiao Chau which is solely responsible for it all; it is the strongest weapon in the hands of the Germans so far as the far east is concerned."

"It is absolutely necessary to eliminate such possession completely if Japan is to restore immediately complete peace in the far east in accordance with the terms of the Anglo-Japanese alliance."

Women's Neckwear

A special showing of fancy collars, of fine chiffon, net, and imitation of Irish lace, neatly trimmed and finished with embroidery and lace designs; Gladstone, bow, shawls and Dutch styles, extra good values. Price, each 25c

Silverware, Glassware and Chinaware in a Phenomenal Value Offering Saturday

Two factors have worked strongly to every shopper who comes to the basement Saturday. LOCAL LEGISLATION TO MEET IN OCTOBER SAYS PREMIER SIFTON

The Alberta legislative assembly will be convened this year about the second week in October, according to an announcement made by Premier Sifton yesterday afternoon.

The premier states that owing to the situation caused by the European war the government will introduce no contentious legislation this year, and in that account he thinks the session will be a short one.

As to financial matters, Premier Sifton stated that while it is necessary to economize, and avoid all expenditures that was not absolutely called for, but all necessary public works, such as road work and telephone work, were being carried out, and this program would be continued unless an unexpected extraordinary situation developed.

Mill's Remnants of Cotton, 5c Yard

Edited by Cliff Dunham.

MOOSE JAW GETS NEARER THE TOP OF W.C. LEAGUE

By Defeating Calgary 6 to 0
Are Now in Second
Place.

CALGARY, Aug. 21.—Moose Jaw climbed into second place in the race for the Western Canada league pennant by defeating the locals 6 to 0. Peet at all times had the bat well in hand, and allowed only one local man to get as far as third base.

The Bronks gave Loomis errorless support, but Loomis was hit when blown meant runs. The Bronks leave here tonight for their final road trip this season, returning here on Labor day to play the final games of the season.

Scores: R. H. E.
Moose Jaw 0 0 1 1 0 4-6 8 3
Calgary 0 0 0 0 0 0-0 6 0
Peet and Wally; Loomis and Decker.

J. BERGER WINS HIS OWN GAME AGAINST QUAKERS

By Timely Hit With Man on
First—Score 4 to 1—
Northrup Beaten

Edmonton, Aug. 21.—Joe Berger won his own game in the fifth inning when he hit over the right field fence with Harris on first. The Red Sox won 4 to 1, although the Quakers doubted their number of hits. Wheeler's untiring was the forte of the season.

Scores: R. H. E.
Regina 0 0 0 0 0 1-4 3
Edmonton 1 0 0 0 0 0-0 1 0
Berger and Harris; Northrup and Spencer.

ESKIMOS' BIG FIFTH INNING BEATS MEDICINE HAT IN THE LAST GAME DIAMOND PARK

Score 10 to 3 When Game is Called in Seventh on Account of
Darkness—Immense Crowd Witnesses Final Battle on Local
Diamond—Eight Runs Score in Fifth Stanza When Locals
Hit Lemley at Will—Sutherland Pitches Fine Ball—Martini
Knocks Another Home Run; Teams Leave Last Night
for Jant Around the Circuit.

The Eskimos had one good inning of the third, when Crum drew a base on balls and Williams hit safely to left, and had stolen second. Ruell next up hit a fly to Daniels in center, and was out, and Crum and Williams waiting on the base until the catch was made started around the circuit. Crum had no trouble in scoring, but Williams was made the victim of a sad mistake by Mackin. Daniels, when he went to make the throw-in, let the ball slip to right field, and Williams stopped on the line for a second, waiting to see if the ball was in, and then went to third and across the plate, but Mackin called him out, claiming he had left the second bag before the catch was made. It was simply another mistake of Johnson's, and a repetition of the one he made on Wednesday, on Crum at third.

My! What an Inning.
However, all the umpires mistake that ever were pulled, could not have stopped the Eskimos in their fifth inning. The old merry-go-round once started, never stopped, until everyone had had their bats, and Crum and Williams had batted twice, and all but pitcher Sutherland had swatted the ball into safe territory. It was just one big blow after another, and singles were as plentiful as flies in the butter. Crack, crack, crack, it was, and the Hatters found themselves handcuffed, fumbling, juggling and leaving the ball in all manners but the proper one. It was one grand inning for the Eskimos and the fans enjoyed it to the limit, and it is just such innings as this that the locals have more than once themselves been the victim of this season, but this time the shoe was on the other foot. Fortier started the fun when he drew a pass, then right down the line they went, hitting them safe into all corners of the diamond and outfield, the ball acting like magic, and rolling around in somebody's glove or

on the ground until the runners were safe and across the plate. Eight hits for eight runs was the sum total of this glorious stanza.

When Sutherland Eased Up, with a nine-run lead, and prospects of the game being called on account of darkness, so the Hatters got together and began hitting him two doubles, a single, and a batter hit by pitched ball, accounting for two runs but that was all, and the fans went on their way rejoicing, and thankful to see the home team win the last stand at Diamond Park, and wishing the boys all good luck on their last journey around the circuit. The team left last night over the C.N.R. for the east, Medicine Hat going to Saskatoon and the Eskimos to Regina, and when the train pulled out from the first street depot at 8:45, the rear sleeper was fully occupied by the members of two of the best ball teams in the Western Canada league.

Game called on account of darkness.
Summary—Two-base hits, Barth, Daniels; three-base, Lemley; home run, Martini; hit by pitcher, Whaling; passed ball, Barth; bases on balls, off pitcher, struck out by Sutherland 4, by Lemley 7; stolen bases, Furrier, Crum, Williams, Brooks, Lemley (2); sacrifice, Furrier, Sutherland; sacrifice hit, Povey; left on bases, Edmonton 6; Medicine Hat 5. Umpire, Marshall and Mackin. Attendance 1,500. Time of game, 1:35.

WHY COULDN'T JESS WILLARD BEAT JOHNSON?

White Giant is Cool, Patient,
Has Longer Reach, and
More Weight.

There is only one kind of a fighter who will ever defeat Jack Johnson and bring back the heavyweight championship to the white race. That fighter will be the fellow with the patience and the punch.

Of all the big fellows who are now before the public there seems to be only one man who has that particular gift. That one man is Jess Willard, the big Kansan, who will shortly sail for the other side to try for a match with Johnson.

Willard is not instinctively a fighter, which is his biggest asset when it comes to a ring engagement with a fighter of Johnson's ability. The fellow who tears in at Johnson, who stands set and flatfooted will never beat the negro.

Willard, with his six feet six inches has a natural advantage over Johnson in height. He also has a longer reach and in weight has a good 20 pounds.

Coupled with these natural advantages Willard is a cool, patient, unexcitable person. Willard is too good-tired to take a fight seriously. Every white man who has ever boxed Johnson has hated him with a sincerity that has gotten the better of his good judgment.

Johnson will never get Willard's "goat" for the simple reason that he cannot get him sore.

When Willard first came to Chicago a few years ago he was a big, gawky, under-developed fellow that resembled a prospective world's champion about as much as a dachshund does a fighting bull terrier.

In less than a year's time he developed from a slow-acting, inaccurate wallowing amateur to a nimble-footed, clean hitting boxer with an eye as sharp as an eagle's and a punch as deadly as a mauler bullet.

Willard has everything necessary to beat Johnson—the size, the strength, the punch, and, best of all, the patience.

He has the ability, he is big enough to be game, and he has all the natural advantages that go with a bringing up on the wind-swept plains of a western range and the clean life of a good married man. He can fight, for he has proven it by 15 knockouts out of 21 battles. Patience and the punch is what will beat Jack Johnson and Willard has both of the requisites.

HOW MCGRAW SAVED \$5,000

Reduced His Players From 23
to Twelve First Year
With Giants.

Here's a hint for Owner Somers and Manager Hiramsham taken from a story written by John J. McGraw, the scrappy manager of the New York Giants.

Brimy is said to be a strong admirer of the little Napoleon of baseball and the ex-union man of the McGraw of the American League.

These are McGraw's words and they seem peculiarly applicable to the Naps at the present moment.

"I came to New York on July 7, 1902, with the Giants a joke club, hopelessly out of the race. At that time Andrew Friedman was owner of the club. I

arrived from Baltimore, where I had played for years, and after breakfast went straight to Friedman's office.

"May I see a list of players under contract to the club?" I asked him.

"He showed me a list with 23 names on the payroll.

"Have you a pencil?" I asked.

"A little puzzled, he gave me one, and I proceeded to scratch off names until I had reduced the list to 12.

"I can finish in last place with 12 players just as easily as I can with 23," I said. "By so doing you will save \$15,000 in salary, and as these men cost you only \$10,000, you have \$5,000 net right off the reel."

S.O.E. VERSUS SWIFTS.
The following team will represent the Sons of England in a senior league game against the Swifts at the old exhibition grounds tonight at 7 o'clock sharp: Denison, Morgan, Gillespie, Eastham, Kelall, Jennings, Glibbery, Bradford, Gregory, O'Graden, Astin, Coward and Buckinham.

J. H. Early, Washington Ieper, an Iliensner worth \$6,000.

MACDONALD (Clearanald)

"Dh' aithneib co thelreadh a" (Gaelic) "Guiney who Care" (English)

There be those foolish enough to try to switch you from trying Gaelic Old Smuggler Scotch Whisky—but just taste its flavor ONCE. It's superb!

BEN BEY

Here next week!

trenchment has made the change

In the Clover Bar district the barley harvest is well under way, and is nearly all cut and in stook. Next week will see the beginning of wheat cutting and all crops are said to be in excellent condition. The hay crop th

Saturday August 22, at 9.15 p.m., being cancelled, the last train for Wabamun and Fallis on Saturday will be the campers special, which leaves the union station at 1.30 p.m.

Black and silver foxes to the num

ber of 48 are now on exhibition at the office of the Hofues Fox company, Alberta avenue, having been brought to the city this week from Grouard by J. L. Hofues, who states that the fox business has as yet been unaffected.

Leduc's ninth annual fair will be held on Tuesday, September 15. There is an exceptionally large number of prizes offered and exhibitors are requested to work to their content on early as possible.

This week saw the opening of the normal schools at Calgary and Camrose, and among those who have left

Monday, August 31, is the day set for

the re-opening of the Technical school on Syndicate avenue, and the indications are that the school accommodation will be taxed to the limit. W. L. Richardson, director, is expected to return from his holidays early next week. He has

With the object of improving the acoustic properties of the legislative chamber in the parliament building, thick layers of felt are being placed

the walls of the galleries and on the framework of the roof. It is thought that the poor sounding qualities of the hall are due to the sound rebounding from the hard walls.

A public meeting will be held Friday evening at 8 o'clock at Highland Park mission, under the auspices of the Mill Creek East Ratepayers' association. It is expected that resolutions will be moved asking the dominion an

Carl Shiperka was this morning committed for trial to the supreme court by Magistrate Masale, on

charge of procuring, the complainant in the case being his wife. James Flood, on a charge of seduction, was remanded for trial. William Courtney, a deserter from the British navy, was handed over to the military authorities.
